

Bell Activity Page 19

Define labor-saving devices and give an example, such as a vacuum cleaner. What is your favorite labor-saving device?

Today's lesson is about a period in which many labor-saving devices were invented.

How is “Revolution” defined?

- **A period of dramatic change**

A political revolution involves overthrowing a government, while a technological revolution involves changing the way tasks are done.

Learning Objectives

- analyze how the scientific revolution advanced technology and knowledge.
- know how the Enlightenment led to revolutions.
- explain the effects of the Industrial Revolution.
- analyze the cause and effects of various political and technological revolutions.
