

I Don't Understand poem

Minimum 3 stanzas (4 lines each stanza)

First stanza I don't understand

Second stanza I really don't understand

Third stanza I do understand

I Don't Understand

I don't understand
Why we can't see the wind
Why stepping on a Lego hurts so much
Why we have to do homework

But most of all
Why the best people get hurt the most
Why hunger and poverty still exists
Why we haven't found a cure for cancer

What I do understand
Why everything happens for a reason
Why that good side beats the bad side
Why I believe in God

I Don't Understand

I don't understand why numbers exist
Why the Kardashian's hair is more important than global suffrage
Why peanut butter and jelly taste good together
Or why brown is a popular color in fashion

But most of all why people think that they are better than others
Why some people feel terror should dictate life
Why only cruel people are remembered
Why we are too blind to realize the problems of others
Or why there is always rain on our happiest days

I do understand the feeling of happiness
The importance of a simple hug
The adventures of taking risks
That friends are our purest form of motivation
And why the best times are created in the midst of the bad
